SUMMARY

Recent SAIT graduate with a passion and curiosity for design and development. Designs in Figma and ships in React, Next.js, and TypeScript, with brand systems, component libraries, and full-stack applications built end-to-end. Brings four years of operations experience in a regulated healthcare environment.

SKILLS

- **Design:** Figma, Canva, design systems and component libraries, brand identity, prototyping, interaction design, responsive design, heuristic evaluation and UX audits
- **Front-End:** React, Next.js, React Native, TypeScript, JavaScript, HTML, CSS, Tailwind CSS, accessibility-aware interfaces
- **Back-End and Data:** Node.js, Express, Python, FastAPI, REST APIs, PostgreSQL, SQL
- **Tools and Practices:** Git and GitHub, Jest, Postman, Agile awareness, technical documentation, AI tools (Claude, ChatGPT, Codex, and Copilot)

PROJECTS

Productivity App Design System and Product Site, *Figma, Next.js, TypeScript, Tailwind CSS*

- Designed a brand identity and component library in Figma, then built it into a responsive Next.js site, keeping the design system and shipped code consistent.

Mobile Parking Search Platform, *React Native, Node.js, Express, PostgreSQL, Jest*

- Designed and built a full-stack app end to end: Figma interface, React Native front end, Express REST API, and a PostgreSQL database with a PostGIS radius search averaging 36ms in local tests. Tested with Jest and Postman.

Plain-Language Vehicle Search Platform, *Python, FastAPI, Jinja2, Sentence Transformers*

- Built a FastAPI app that parses plain-language queries into filters and ranks 231 EVs, with server-rendered Jinja2 pages and optional semantic ranking, deployed to Railway and Vercel.

E-commerce Product Page UX Audit, *Figma, heuristic evaluation*

- Evaluated a retail product page against usability heuristics and delivered annotated, prioritized recommendations, each with a clear rationale.

EXPERIENCE

Pharmacy Assistant *February 2022 – Present*

Loblaw Companies Ltd., Calgary, AB

- Processed 5,000+ orders across enterprise workflow software at a 93.5% verification accuracy rate, troubleshooting recurring issues with IT and documenting fixes for reuse.
- Communicated clearly with technical and non-technical teams under pressure; recognized with MVP Award (2026).

Customer Service Associate *January 2016 – December 2021*

Loblaw Companies Ltd., Calgary, AB

- Supported customers daily over six years in a high-volume retail environment and trained colleagues on internal systems and protocols.

Marketing Intern *December 2021 – January 2022*

Wildstone Construction Group, Remote

- Audited project documents for consistency and designed a reusable template adopted company-wide.

VOLUNTEER

Academic Tutor *April 2021 – December 2021*

Calgary Bridge Foundation for Youth, Remote

- Tutored newcomer youth weekly in a virtual setting, adapting explanations to varying language and digital literacy levels.

EDUCATION

Software Development Diploma, SAIT, Calgary, AB, GPA 3.8 *June 2025*

Responsive Web Design Certification, freeCodeCamp *2026*

Web Development Fundamentals, IBM SkillsBuild *2025*
